INTEGRATED IT SYSTEM FOR LOCAL GOVERNMENTS

Only Personal Computer with Microsoft operation system, standard WEB browser and Internet connection is needed to access all JeST integrated components

When you choose ComputerLand solution you **do not** need:

. to build-up informatics team
. to invest in infrastructure (ex. servers)
. to update software licenses
. to worry about data safeness
. to worry about increasing costs of computer systems usage

ComputerLand®
Myśleć bez ograniczeń
